ABOUT ME

Dedicated Computer Science student at the University of North Texas graduating in Dec 2023 from an ABET-accredited program. Seeking a Software Developer/Engineer internship position with your company. Skilled at learning, programming, communication, and data structures.

EDUCATION

The University of North Texas   **Expected: Dec 2023 Bachelor of Science, Computer Science**
ABET-accredited   **GPA: 3.2**
Relevant courses: Data structures and Algorithms, Software engineering, Database Systems, Computer Networks, Operating systems, Systems programming

TECHNICAL SKILLS

Software: Neovim, Visual Studio Code, Git, VMware Workstation, Microsoft Office Suite
Programming Languages: Golang, TypeScript, Java, JavaScript, C++
Operating Systems: MacOS, Linux, Windows

ENGINEERING PROJECTS

Optimal Accessibility, Lead Developer   Jan 2022 – May 2022
- Collaborated with 1 team member to create a web application using React, JavaScript, and CSS that scores the accessibility of advertisement posters.
- Ran extensive testing and debugging to make sure code standards were exceeded.
- Used image processing libraries to judge a particular poster and display its rating graphically.

CodeStreamStudios new online editor, Developer   Aug 2022 – May 2023
- Worked with 7 team members and company developers to create a new online code editor that helps teach 6th – 12th grade students how to get started with programming.
- Used languages, frameworks, and tools such as JavaScript, TypeScript, Docker, AWS, and Git.
- Converted a fork of Visual Studio Code (code-server) to company needs and embedded it within the website. We also implemented automated testing with AWS Lambda to grade student programs once they are submitted.

EMPLOYMENT EXPERIENCE

Hurricane Creek Country Club, Anna, Texas   June 2017 – Jan 2018

- Held various roles such as managing the driving range, helping in the pro shop, and keeping the course safe and clean.

Port Royal Ocean Resort, Corpus Christi, Texas   July 2019 – Dec 2019
- Worked with lifeguards to keep the resort safe and clean.
- Managed pool and hot-tub chemical levels.

Lowes, Sherman, Texas   June 2021 – Aug 2021
- Worked with various in-store positions and helped manage the lumber section.
- Worked closely with customers to assist them with their needs and order pickups.
